## **SALE WELCOME 2018**

Welcome to our 14th Annual Bull and Female Fleckvieh Sale. Dad is extra busy this year so has asked me to write this. I would like to first thank our strong group of customers for their support over all of the years. It is so nice to see that you believe in our program and genetics.

The high forage diet we feed these cattle is to be partially accredited. It has allowed our cattle to grow out more naturally. Combined with our high standards for feet and maternal traits, the longevity in our cattle has been proven over and over.

This year the 7th and final calf crop from our polled herdsire Anchor D Sting 184W will sell. Sting has left us with so many great cows over the years, so we have decided we could let a few more of his females into the sale this year than we have in the past.

The majority of the heifers were exposed to Double Bar D Kitimat 237B, one of our calving ease bulls. Another exciting opportunity are the 10+ Wolfe Birner FF 318B sons on offer. This is your only opportunity to acquire his powerful genetics, as he got hurt following his first breeding season. We are retaining all of his heifers for ourselves.

Something new we did this year was the testing for non-diluter status. Bulls with non-diluter status will not give you any grey calves when crossed with black cows. There are over 15 non-diluters in the sale, but not all of the bulls were tested. If this is of interest to you, let us know and we can supply you with the full results.

As a reminder, we will also have videos up on our website prior to the sale. This is for your further judgement, and for those who cannot attend on sale day. Just click on the "Wolfe Farms YouTube" button on the homepage of [www.wolfefarms.ca](http://www.wolfefarms.ca). Those who cannot attend can contact a Sale Day Phone, or bid online at [www.DLMS.ca](http://www.DLMS.ca), who will be live-streaming the sale. Call or text Dad, (780-524-9322) or myself (780-524-9285) with any questions. Following the 4:00 pm sale will be Grandma's delicious beef chili and onion salad for supper. See you December 1st!

- youngest heifer on offer
- only Geronimo daughter to sell this year
- we have been keeping most of the Geronimo daughters but thought we could let this one go as she is a bit younger
- very angular with a long spine
- dam is a one of our oldest cows and there are good reasons why!
