

## 16<sup>th</sup> Annual Fleckvieh Bull & Female Sale

Saturday, December 5th, 2020 at 3:00 pm

On the farm, Valleyview, AB

NOTE NEW SALE TIME!

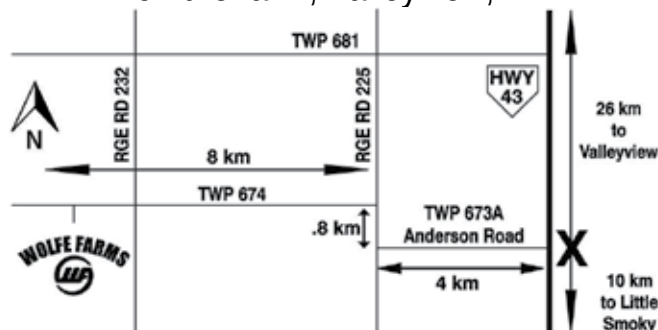

## 16<sup>TH</sup> ANNUAL FLECKVIEH BULL & FEMALE SALE

Saturday, 3:00 p.m.

**DECEMBER 5, 2020**

on the farm, Valleyview, AB

**OFFERING 81 HEAD  
62 FLECKVIEH BULLS  
9 OPEN & 10 BRED HEIFERS**

**Auctioneer:** Robert Lind

**Ringmen:** Henry Roy, Trapper Green

**Sale day phones:**

Tony Wolfe cell: 780 524-9322      John Wolfe cell: 250 309-0575  
Robert Lind cell: 780 542-0123      Gerd Bremmekamp 780 712-2096  
Shane Wolfe 403 556-0729      Jerry Repka 780 210-2333

All bulls can stay on the farm through the winter and be fed free of charge.

For bull purchases, at least 50% down is required sale day and the remainder can be paid in the spring when bulls are delivered.

Bulls were given I.B.R. and 8-way in May 2020 and footrot vaccine before going to pasture.

**EPDs in the catalog are in this order:**

CE BW WW YW Milk MCE MWW

**Terms & Conditions**

The sale will be held under the standard Canadian Simmental Association terms & conditions. Copies will be available at the settlement desk.

Catalog production by jameswaycatalogs.com

**Internet Bidding Available**

Whitney Bosovich 780.991-3025

Welcome to our 16th Annual Fleckvieh Bull & Female Sale. Firstly, I would like to thank our recurrent group of customers for their support over the many years. We appreciate your belief in our program and genetics. We are always striving to offer you the best genetics to help you further improve your cattle operations. We are very connected to the commercial industry as we custom feed over 2000 calves. We see first-hand how Fleckvieh genetics perform for feedlots after weaning time by comparing them in large groups.

The cattle we raise will work hard for you by incorporating high performance and longevity to further improve the productivity in your herd. Our program is unique because we grow our cattle out more naturally by providing them with more time and high forage rations. We pride ourselves on our bulls' ability to work for your herd for many years.

In order to continue to improve our herd, Windy Ridge Ultrasound will be once again measuring carcass traits such as ribeye area, marbling, and backfat on the sale bulls and heifers. We are also getting them to measure these traits on all of our replacement heifers for our own database of information. The feedlots will pay a premium for calves that grade well once you gain a reputation for such.

This is the first year Black Gold Elevation 20E and Brink Custer E773 offspring are available from Wolfe Farms. We had an opportunity to share walking rights on Elevation with Beechinor Bros and we are sure glad we joined them. His progeny have been developing beyond our expectations. We also share Custer with Shane and Shannon Wolfe at Wolfe's Fleckvieh. The Custer calves show tremendous potential with their growth and muscle.

We have 19 heifers on offer this year. Once again, we picked out some Full Fleckvieh heifers to keep open. This will provide those of you with an earlier calving season the opportunity to better integrate a Wolfe Farms heifer into your program. We also have 10 bred heifers on offer that were exposed to either Double Bar D Kitimat 237B or RWR Sully 9E, which are both proven heifer bulls.

Lot videos, carcass measurements, and scrotal measurements will be available prior to the sale. This information can be found on our website, [www.wolfefarms.ca](http://www.wolfefarms.ca), within "Interactive Supplement Sheet" or "Lot Videos".

Fortunately for us cattlemen, we have all been working hard during 2020 in our own bubbles on the farm and lifestyle changes have not been as drastic as they have been for many others due to the COVID pandemic. For the most part, this year's sale will go on as usual, but we will do our best to follow any Alberta Health COVID guidelines at the sale. If you can, we encourage you to come and view the animals prior to sale day.

Please call me anytime if you have questions as I am happy to help you find what you are looking for. More important than ever this year, DLMS is available again to assist with online bidding. We recommend you register with them a day or two before the sale to ensure you are approved to bid. Alternatively, you can also arrange with one of the Sale Day Phones or myself to bid over the phone. We hope to see you before or on sale day. I want to remind you again that we moved the sale time up to 3:00PM.

Tony

**Exposed July 1 to Sept 14 to Double Bar D Kitimat 1158414.**

- Tremendous volume, yet still very feminine.

- After having kept so many Geronimo females we were able to let a few more go this year.

Geronimo cows are becoming our top producing cows- adding extra size and volume to their progeny.

**Exposed July 1 to Sept 14 to Double Bar D Kitimat 1158414.**

- A big Custer heifer that should do wonders for her new owner.

- Lots of performance considering she was a June calf.

- She has a big wide hip like most of the Custers do.

- Lots of hair.
