

20TH ANNUAL

# **FLECKVIEH BULL & FEMALE SALE**

Saturday December 7, 2024 | 3 PM On the farm | Valleyview, AB

IN OUR NEW SALE FACILITY

# Welcome to our 20<sup>th</sup> Annual Fleckvieh Bull and Female Sale

We are pleased to be celebrating twenty years of offering powerful Fleckvieh genetics to the beef industry. Thank you to all of our buyers over these many memorable years. We pride ourselves on the large percentage of repeat buyers that support us in our effort to better this industry. Our breeding philosophy has always been to produce performance cattle, and when we combine this with extra age and high forage rations, our bulls and females work hard for customers for a long time. Many of our bulls are still breeding at seven or eight plus years and we love hearing these reports back from our customers.

The beef industry is experiencing all-time highs and the cattlemen that have stayed on course are now receiving their well deserved benefits from this shift. Our industry is demanding larger framed genetics to fill the feedlots and meet the ability for larger carcasses at the packing plants to increase efficiencies. At Wolfe Farms we have always pushed for more size and growth within the Fleckvieh breed. Our genetics will help you situate more power in your calves and cow herd.

This year we have a group of eighty powerful Fleckvieh bulls, eleven open Full Fleckvieh heifers and eighteen registered bred heifers exposed to proven greats like Elevation, Sully and our Kitimat grandson, Hudson. Our elite Fleckvieh-influenced commercial bred heifers were well received last year so we have an even larger group to choose from this December. There are eighty bred for January 13th calving and thirty-seven bred for March 26th calving. Exposed to Wolfe Fleckvieh genetics, they are carrying very marketable calves.

Our new herdsire group this year is RWR Walker 15J. Walker was co-owned with LaBatte Simmentals and Oberle Brothers in Saskatchewan. He maintained his condition extremely well all Summer as a yearling. Unfortunately, we lost him so this year will be your only opportunity to acquire his genetics. The large group of Trader sons also offer a chance at some more rare bloodlines. This year's walking hersire battery also includes these eleven great sires; Elevation, Electric Avenue, Dynamite, Bell, Ozark, Gage, Geyser, Baldwin, Sully, Kitimat, and Hugh. These bulls have continued to offer us the type of cattle we desire to produce.

To further offer our customers with cattle that will help them meet the demands of the industry, each year we carcass ultrasound all our sale bulls and heifers, as well as our own replacement heifers. The results will be on the homepage of our website within the "Interactive Supplement Sheet" found on the right hand side. In addition to the carcass scan results, this document will also contain links to CSA listings, videos, scrotal measurements, diluter status, and weights. Information is added as it becomes available.

#### **We would like to remind potential buyers of a few things:**

- **Bulls can stay on the farm through the Winter free of charge.**
- **Bulls are delivered for free (within Western Canada) in the Spring.**
- **For bull purchases, buyers have the option to pay 50% after sale day and the remainder in the Spring upon delivery.**
- **Videos will be accessible approximately one week prior to the sale through a link on our website home page. Click "Lot Videos" on the right-hand side.**
- **Our sales start time is 3:00PM.**

Once again, a huge thank you to Stefon Beechinor and Mackenzie Stout for photographing all our sale animals. They always do an awesome job. Thank you to Keltey Whelan for putting our catalogue together so nicely. Lastly, thank you to my employees and family for the work they do all year long and on sale day. If you have questions regarding our unique breeding program or this year's offering, call me any time at 780-524-9322. Everyone is welcome to tour through the pens prior to sale day. We hope to see you on Saturday December 7th in our new sale facility. Stay after our 3PM sale for a great smoked brisket meal.
