BULL & FEMALE PRODUCTION SALE

Saturday, 4:00 p.m.

DECEMBER 2, 2017

at Wolfe Farms, Valleyview, AB

OFFERING 56 FLECKVIEH BULLS 21 REGISTERED BRED HEIFERS

Auctioneer: Robert Lind

Ringmen: Henry Roy, Trapper Green

Sale day phones:

Tony Wolfe cell: 780 524-9322 John Wolfe cell: 250 309-0575
Robert Lind cell: 780 542-0123 Gerd Bremmekamp 780 712-2096

All bulls can stay on the farm through the winter and be fed free of charge.

For bull purchases, at least 50% down is required sale day and the remainder can be paid in the spring when bulls are delivered.

Bulls were given I.B.R. and 8-way in May 2017 and footrot vaccine before going to pasture.

EPDs in the catalog are in this order:

CE BW WW YW Milk MCE MWW

Terms & Conditions

The sale will be held under the standard Canadian Simmental Association terms & conditions. Copies will be available at the settlement desk.

WELCOME

Welcome to our 13th Annual Bull and Female Production Sale, held on the farm in Valleyview Alberta.

Thank you to everyone for supporting our sale and breeding program over all these years. We hope that the genetics on offer this year will help you with your herd improvements. Once again, we are having a 4 PM sale that allows you to have more time browsing prior to the sale. **We will also have videos on all lots on our website a week before the sale. Just click the "Wolfe Farms Youtube" button on the homepage of wolfe farms.ca.** This gives you a chance to better evaluate each animal prior to the sale and is also handy for those who cannot attend on sale day.

With our calving program being different from other breeders, we are able to offer you these larger, more mature bulls. These bulls are raised on a high forage diet and are grown slower to help with longevity and structural correctness. With this program, we pride ourselves that these bulls will work hard for you for many years.

This year we have a great set of bred replacement heifers to offer to the industry. The majority of them are bred to our proven heifer bull Virginia Barcelona 46X, and a couple to Double Bar D Kitimat 237B. These bred heifers will work well in your breeding programs by adding some fresh genetics.

Call me anytime on my cell phone for more information on the bulls and heifers in the sale. If you are unable to attend sale day, I or one of the sale day phone buyers on site, can help you with bidding. DLMS bidding is available too if you wish- be sure to register with them ahead of time. Come early to view the bulls and heifers and stay late for a great supper put on by my family. Hope to see you sale day.

Sting has very strong muscle definition for a polled Full Fleckvieh bull. Sting has great feet and moves excellent for a large mature bull. He is well balanced and has an impressive hip structure and a solid topline. He has added some tremendous females into the herd. Additionally, his strengths continue to show through in his son's year after year. The Sting sons will give you polled calves without sacrificing meat or docility.

X Man has been used on both heifers and cows with great success. He has good growth and muscle pattern yet still calves very well. X Man has been a bull that has the best of both worlds - growth and calving ease. My brother Shane (Wolfe's Fleckvieh of Sundre AB) and I have had good results in the heifer pen with X Man. Expect his sons to give you great growthy calves and yet not be hard on you and your cows!

Barcelona is shared with Swantewitt Simmentals and has been hard at work in both the heifers and mature cows since 2011. He has been with over 450 heifers and if that is not a heifer bull then I don't know what is. The calving predictability of Barcelona is so proven. It is so hard to find a bull that calves so well and yet the offspring are so good as well. Barcelona adds length and muscle. He moves well for a 7-year-old bull. The Barcelona sons will be easy calving and yet impress you with their progeny.

This is the last year to get a Jahari son. He has made such an impact on our herd, and many others, over the years. We had so many daughters in our herd that we just couldn't keep using him! Two years ago he sold to another registered breeder in the US. His dark red colour and eye appeal have always been some of his strong points. Jahari comes from an excellent-producing Antonius cow, who was still impressive at 14 years old. Jahari has such impressive growth and muscle- and this is very noticeable in his progeny.

Geronimo is such an impressive bull to have working in both our herd, as well as my brother Shane's. Geronimo's disposition is unrivaled. He was one of the quietest bulls in the pen that year at Brink Fleckvieh in Iowa. Geronimo walks and moves so freely for such a large meat bull. His sons are showing to have his same strong traits- size, growth and capacity. The Geronimo sons will add many pounds to your calves.

Brewster is a bull that we share with RDG Simmentals of Wildwood, AB. Brewster's dam has such size and capacity, we knew we needed a son out of her. She had a perfect udder at 15 years old. Brewster's feet and quiet disposition are second to none. The maternal traits this bull carries will continue to impact our herd for many years to come. Brewster sons will give you size and performance, yet make you excellent cows with lots of longevity.
