All bulls can stay on the farm through the winter and be fed free of charge.

For bull purchases, at least 50% down is required sale day and the remainder can be paid in the spring when bulls are delivered.

Sale will be held under the standard Terms & Conditions which can be picked up at the settlement desk.

Bulls were given I.B.R. and 8-way in May 2015 and footrot vaccine before going to pasture.

WELCOME

to our 11th Annual Bull & Female Production sale on the farm in Valleyview, Alberta.

Thank you to everyone for supporting our sales over the years. We hope we continue to give you the selection of bulls that you are looking for. Once again, we are having a 4PM sale that will give you more time to view the bulls before the sale. We will also have a video put together for each lot 10 days prior to the sale on www.wolfefarms.ca. Just click on the "YouTube" button on the home page to find them. This will give you a chance to more closely select the animals of the most interest before the sale. This is also convenient for those who might not make it to the sale.

Buy a Wolfe Farms bull with confidence. These bulls are raised on a high protein forage and grown out slower to help with better longevity and structural soundness. We pride ourselves with these bulls that can work hard for you for many years.

We are continuing to offer some of our replacement heifers to the industry. They were turned out with either VIRGINIA BARCELONA 46X or CLEARWATER ANDY on June 25th. Both of these bulls are proven calving ease bulls. We hope these heifers can offer some new genetics to you herd.

Call me anytime on my cell phone for more information. If you can't make it to the sale, I or one of the sale day phone buyers on site, can help you with your purchase. Come early to view the cattle, and stay afterward for a great supper put on by my family.
